

STROUDWATER

RURAL HEALTH CLINIC BILLING
TRANSITION

Amy Graham, Principal

AGENDA

Background

Goal of the Project

Differences Between RHC and Physician Billing

Claim Form Components

Clinic Visit Claim Examples

Outcomes

Q&A

BACKGROUND

BACKGROUND

- New York 47-bed acute-care hospital with a Skilled Nursing Facility and multiple successful physician practices
- The decision had been made by executive leadership to transition the designation of several of the physician practices from stand-alone entities to hospital-based (provider-based) practices including some with the CMS Rural Health Clinic (RHC) designation for those that qualified
- Multiple starts and stops in the project

WHY DID THEY WANT THE RHC DESIGNATION?

- The Rural Health Clinic designation is a program that entities can leverage as part of effective primary care strategy to address market changes to help ensure the long-term viability of hospitals and other organizations in a rural healthcare setting
 - It is not without risk
 - Refusing to adapt is also not without risk
- Like any new venture, there are challenges to navigate for achieving RHC certification
- Can lead to significant positive financial impacts while providing needed primary care access in rural communities served

RHC CERTIFICATION AND BILLING STEPS

- › Location requirements
- › Financial feasibility assessment
- › RHC application
- › Initial approval
- › Survey process
- › Successful survey
- › Recommendation for approval
- › CMS approval
- › Medicare provider letter receipt
- › Rate determination
- › Successful RHC claim submission

REIMBURSEMENT

- › Medicare reimburses a flat All-Inclusive Rate (AIR) for RHC services
- › Payment limit per visit based on national statutory limits:
 - › Calendar Year (CY) 2023 = \$126.00
 - › Calendar Year (CY) 2024 = \$139.00
 - › Medicare Administrative Contractors (MACs) calculate the payment limit per visit for “Grandfathered” RHCs increased by 4.6% in 2024
- › Medicare Part B deductible and coinsurance rates apply. This means that once patients meet their Part B deductible, Medicare pays 80% of the AIR and the patient pays the remaining 20%.
- › For certain preventive services like the Annual Wellness Visit (AWV) and the Initial Preventive Physical Exam (IPPE), Medicare will pay the full AIR and patients do not have a co-pay
- › Non-RHC services paid on the allowed amount for the service

RHC QUALIFYING VISITS (QV)

- An RHC visit is defined as a medically necessary medical or mental health visit, or a qualified preventive health visit
- The visit must be a face-to-face (one-on-one) encounter between the patient and an RHC practitioner during which time one or more RHC services are furnished
- Over 400 CPT/HCPCS codes can be considered Qualifying Visits (QV)
 - Note: Distant site telehealth and chronic care visits do not require a patient and provider in the same place to perform the service, so these *are not* QV services

NON-RHC SERVICES – (NOT CONSIDERED A QV)

“Incident to” nurse visit only services

Distant site telehealth and chronic care visits do not require a patient and provider in the same place to perform the service

Charges may be included on the claim associated with a qualifying visit if performed up to 30 days from the date of the reportable encounter

- Suture removal
- Dressing changes
- Injections
- Blood pressure monitoring
- Medical Nutritional Therapy (MNT)
- Diabetes Self Management Training (DSMT)

Technical component (TC) of diagnostic tests (e.g., Taking X-rays is considered a TC)

- Separately reportable as non-RHC services by the reading physician if not resulted by the servicing provider and billed on 1500 form

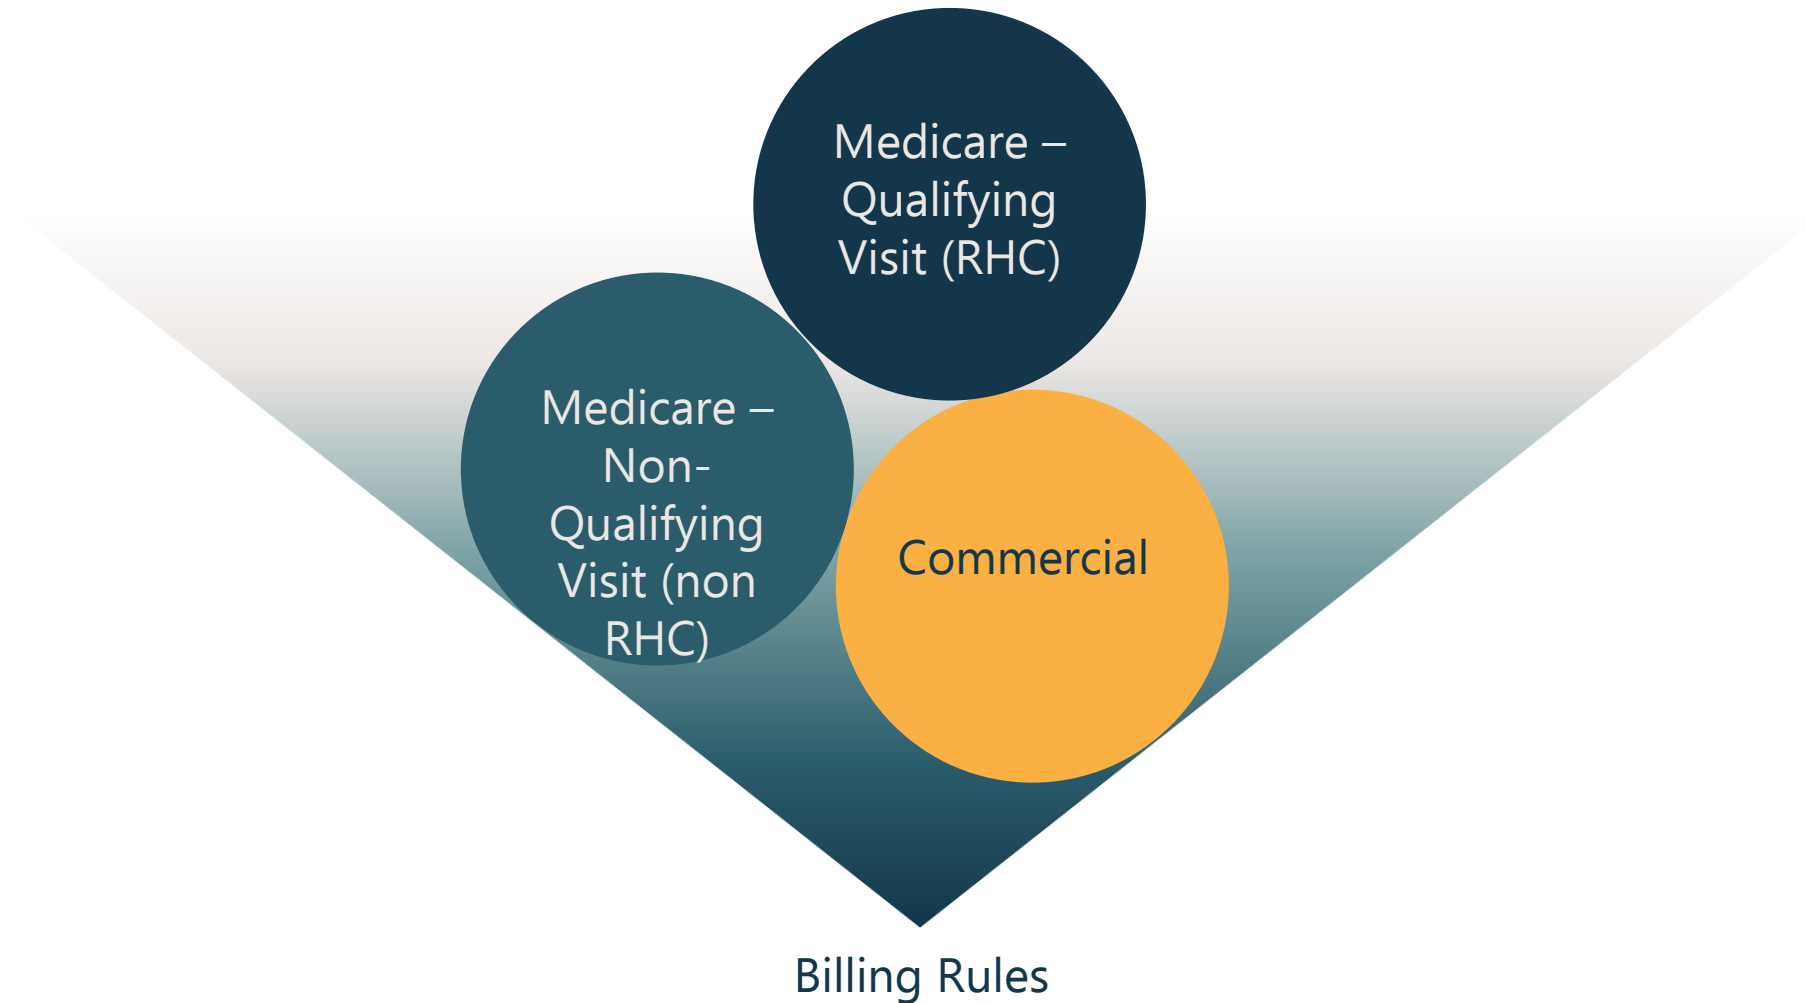

MULTIPLE VISITS ON SAME DAY

- Visits with more than one RHC practitioner on the same day, or multiple visits with the same RHC practitioner on the same day, count as a single visit, *except when*:
 - Patient returns to the RHC for diagnosis or treatment of an injury or illness that happened after the initial visit; for example, a patient sees their practitioner in the morning because they have flu symptoms, then later in the day they cut their finger and return to the RHC
 - Patient has a qualified medical and mental health visit on the same day
 - Patient has an IPPE and a separate medical or mental health visit on the same day

TYPES OF VISITS FROM AN RHC

GOAL OF THE PROJECT

PROJECT GOAL

Transition designation of clinic entities: from stand-alone physician practices to hospital-based physician practices

INITIAL FINDINGS

Initial project team did not include all the correct members

Outsourced organizations did not view the situation with a sense of urgency

A limited number of people had a full understanding of the RHC guidelines

Needed to educate everyone on the RHC Billing Rules

The Project Goal needed to be reevaluated

CHALLENGES ENCOUNTERED

Multiple leadership teams
at the physician practices
Practices at various stages
of transition

Disparate EHR and billing
platforms
Not using a consistent fee
schedule

Two separate teams were
responsible for the
physician and hospital
revenue cycle (RCM)
functions

Certain RCM functions are
outsourced to multiple
entities

PROJECT GOALS

INITIAL PROJECT GOALS

- Transition designation of clinic entities: from stand-alone physician practices to hospital-based physician practices

ACTUAL PROJECT GOALS

- Focus became RHC-related
- Identify Qualifying Clinics
- Determine stage in the conversion process
- Expand team from a single person to representatives from:
 - Clinic Operations
 - Credentialing
 - Billing Companies
- Train project team in RHC billing basics
- Determine status of billed claims for the Clinic that has received the RHC designation

DIFFERENCES BETWEEN RHC AND PHYSICIAN BILLING

THE WHY WAS THE KEY MESSAGING

Reimbursement
for the Clinic
would improve

Professional
billing would
change
dramatically

BILLING WOULD FOLLOW PAYORS' RULES

Government

- Specific guidelines apply for Medicaid/Medicare
- Distinction made between RHC and non-RHC services
- Medicare bill Professional services on UB-04 form
- Medicare bill Technical services on 1500 and non-RHC services on 1500 form
- Medicaid bill services based on specific state rules

Commercial

- Each payor is unique
- No distinction made for services provided
- Bill Professional services on 1500 form
- Bill Technical services on 1500 form

A July 2022 article from Becker's Healthcare stated
"Twenty-two percent of revenue cycle leaders who manage their inpatient RCM outsource some of their *outpatient or ancillary RCM services*, according to a study conducted by the Healthcare Financial Management Association."

<https://www.beckershospitalreview.com/finance/22-of-revenue-cycle-leaders-are-outsourcing-outpatient-services-survey-says.html>

WHAT DOES THIS MEAN IN PLAIN LANGUAGE?

- RHC billing could be considered outpatient billing
- It is only a portion of services
- Not all claims are RHC claims
- Not all claims are clinic claims
- These claims may be outsourced to a third-party billing company

CLAIM FORMS ARE DIFFERENT

UB04

HCFA 1500

The UB04 form is a detailed medical claim form. It includes sections for patient information (name, address, birth date, sex), insurance details (policy number, group number), and a large table for procedure coding (ICD-9-CM). The table has columns for procedure code, description, date, units, and charges. It also includes a section for provider information (name, address, NPI) and a signature line for the provider. The form is labeled 'UB-04 CMS-1450' and 'APPROVED CMS NO. 1038-1007'.

The HCFA 1500 form is a standard health insurance claim form. It includes sections for patient information (name, address, birth date, sex), insurance details (policy number, group number), and a section for provider information (name, address, NPI). It also includes a section for procedure coding (ICD-9-CM) and a signature line for the provider. The form is labeled 'HEALTH INSURANCE CLAIM FORM' and 'APPROVED BY NATIONAL UNIFORM CLAIM COMMITTEE (NUCC) 0072'. It includes a 'NUCC Instruction Manual available at: www.nucc.org' and 'PLEASE PRINT OR TYPE'.

CLAIM FORM COMPONENTS

CHARGE FORM COMPONENTS

| CODE SET | IDENTIFY | RHC Billing on UB04 | Clinic & Tech Billing on 1500 |
|---------------------|---|---------------------|-------------------------------|
| CPT | Procedures, services, drugs, combo services | ✓ | ✓ |
| HCPS | Procedures, services, drugs, combo services, supplies, DME | ✓ | ✓ |
| Revenue Code | Location, provider, type or procedure | ✓ | |
| Modifiers | Add-on information to HCPCS and CPTs: location, component of service, explanation of service | ✓ | ✓ |
| Type of Bill | 4-digit code representing the place of service, type of service and billing stage. Leading number is a zero | ✓ | |
| Place of Service | 2-digit code identifying the location of the provider, or type of service | | ✓ |
| ICD Diagnosis Codes | Internationally unified codes set describing accident, illness, injuries, conditions or circumstances describing any of these. Not included in CDM. | ✓ | ✓ |

CHARGE FORM COMPONENTS

| CODE SET | IDENTIFY | RHC Billing on UB04 | Clinic & Tech Billing on 1500 |
|---------------------|---|---------------------|-------------------------------|
| CPT | Procedures, services, drugs, combo services | ✓ | ✓ |
| HCPS | Procedures, services, drugs, combo services, supplies, DME | ✓ | ✓ |
| Revenue Code | Location, provider, type or procedure | ✓ | |
| Modifiers | Add-on information to HCPCS and CPTs: location, component of service, explanation of service | ✓ | ✓ |
| Type of Bill | 4-digit code representing the place of service, type of service and billing stage. Leading number is a zero | ✓ | |
| Place of Service | 2-digit code identifying the location of the provider, or type of service | | ✓ |
| ICD Diagnosis Codes | Internationally unified codes set describing accident, illness, injuries, conditions or circumstances describing any of these. Not included in CDM. | ✓ | ✓ |

REVENUE CODES

4

4-digit codes (leading zero) that categorize the type of service or product delivered, describe where the service took place and/or who performed or is billing the service (professional or technical)

All procedure codes billed on a hospital UB-04 (or electronic 837i) must be paired with a revenue code

Revenue code/procedure code pairing must make sense, must follow National Uniform Billing Committee guidelines, and must be acceptable to payors

Revenue code-HCPCS mismatches are automatic denials in many cases

RHC REVENUE CODES

| Revenue Code | Revenue Category |
|--------------|---|
| 0300-0319 | Lab |
| 0320-0329 | Diagnostic Radiology |
| 0400-0409 | Other Imaging Services |
| 0521 | Clinic Visit by member to RHC |
| 0522 | Home visit by RHC practitioner |
| 0524 | Visit by RHC practitioner to a member in a covered Part A stay at a Skilled Nursing Facility (SNF) |
| 0525 | Visit by RHC practitioner to a member in a SNF (not in a covered Part A stay) or NF or ICF MR or other residential facility |
| 0527 | RHC Visiting Nurse Service(s) to a member's home when in a Home Health Shortage Area |
| 0523 | Visit by RHC practitioner to other non RHC site (e.g., scene of accident) |
| 0900 | Behavioral Health Treatments/Services |

CHARGE FORM COMPONENTS

Sum the dollars on a single line

CHARGE FORM COMPONENTS

| CODE SET | IDENTIFY | RHC Billing on UB04 | Clinic & Tech Billing on 1500 |
|---------------------|---|---------------------|-------------------------------|
| CPT | Procedures, services, drugs, combo services | ✓ | ✓ |
| HCPS | Procedures, services, drugs, combo services, supplies, DME | ✓ | ✓ |
| Revenue Code | Location, provider, type or procedure | ✓ | |
| Modifiers | Add-on information to HCPCS and CPTs: location, component of service, explanation of service | ✓ | ✓ |
| Type of Bill | 4-digit code representing the place of service, type of service and billing stage. Leading number is a zero | ✓ | |
| Place of Service | 2-digit code identifying the location of the provider, or type of service | | ✓ |
| ICD Diagnosis Codes | Internationally unified codes set describing accident, illness, injuries, conditions or circumstances describing any of these. Not included in CDM. | ✓ | ✓ |

TYPE OF BILL

- Required on a UB-04
- Serves a similar function as the place of service on a physician bill (HCFA 1500), except each number provides a separate piece of information

TYPE OF BILL – EXAMPLES

PLACE OF SERVICE

- Required on HCFA 1500 form
- Two-digit code specifying the entity where the services were rendered
- Must match the address and zip entered in the service location to avoid denials of claims

TYPE OF BILL VS PLACE OF SERVICE CLAIM EXAMPLE

| UB Type of Bill 711 | HCFA 1500 |
|-------------------------------|------------------------|
| 7 - Clinic (Type of Facility) | 11 Office |
| 1 - RHC (Type of Care) | 22 Outpatient Hospital |
| 1 - (First or final bill) | 21 Inpatient Hospital |

UB-04 Form

The UB-04 form is shown with an orange border. An orange arrow points from the right towards the '4 TYPE OF BILL' field, which contains the value '711'.

1500 Form

The 1500 form is shown with an orange border. An orange arrow points from the bottom towards the 'B. PLACE OF SERVICE' field in the first row, which contains the value '22'. The form includes columns for date of service, diagnosis, charges, and provider information.

CHARGE FORM COMPONENTS

| CODE SET | IDENTIFY | RHC Billing on UB04 | Clinic & Tech Billing on 1500 |
|---------------------|---|---------------------|-------------------------------|
| CPT | Procedures, services, drugs, combo services | ✓ | ✓ |
| HCPS | Procedures, services, drugs, combo services, supplies, DME | ✓ | ✓ |
| Revenue Code | Location, provider, type or procedure | ✓ | |
| Modifiers | Add-on information to HCPCS and CPTs: location, component of service, explanation of service | ✓ | ✓ |
| Type of Bill | 4-digit code representing the place of service, type of service and billing stage. Leading number is a zero | ✓ | |
| Place of Service | 2-digit code identifying the location of the provider, or type of service | | ✓ |
| ICD Diagnosis Codes | Internationally unified codes set describing accident, illness, injuries, conditions or circumstances describing any of these. Not included in CDM. | ✓ | ✓ |

UB-04 DIAGNOSIS CODING

Diagnoses are not specific to a single line, but apply to the entire claim

Must complete box 70 Diagnosis "Reason for Visit"

Additional diagnoses must be sequenced

HCFA-1500 DIAGNOSIS CODING

Used to bill all services to commercial payors

Used to report Medicare Part B "technical" services and RHC services

Requires Diagnosis codes specific to each line of service

HCFA-1500 EXAMPLE

OUTPATIENT DIAGNOSES REPORTING

Report the full diagnosis code to the highest level of specificity for the diagnosis shown to be reason for the outpatient services

Report symptom in absence of finding addressed in the provider note

Do not report suspected

Do not report rule out

Reading physician must always report finding if applicable

Report reason for encounter (Z code) for encounters with no symptoms or findings

HISTORY CODES

Personal History Codes

- Relevant to treatment options
- Relevant to reason for visit, example: cough
 - Do not report personal history of contraception Z92.0 range
- Report
 - History of nicotine dependence – Z87.891 if applicable
 - History of tuberculosis – Z86.11 if applicable

Almost always relevant

- Personal history of cancer, malignant neoplasms (leukemia, lymphoma)
- Personal history of falling – Z91.81

Family history

- Risk factors relevant to visit
- Screening services

CODE FIRST

Certain conditions have both an underlying etiology and multiple body system manifestations due to the underlying

Sequence underlying condition (etiology) first and manifestation second

Codes that have in the code title, "in diseases classified elsewhere," are never permitted to be first listed or principal diagnosis codes

- Use in conjunction with underlying condition
- Code underlying condition first

"use additional code" – Two codes required to fully describe a single condition that affects multiple body systems

Sequencing should be etiology/manifestation

CLINIC VISIT CLAIM EXAMPLES

MEDICARE WELLNESS AND FOLLOW-UP APPOINTMENT

Services Provided

- G0439 Annual Wellness Visit (AWV), PPS Subsequent Visit*
- G0442 annual alcohol screening*
- G0444 annual depression screening*
- 99214 (follow chronic disease management)
- 93000 (report of new onset palpitations)

*Preventive service as defined by Medicare

IN OR SUPPLIER INFORMATION

No Qualifying Visit was performed
– Bill on 1500 form

OUTCOMES

WITH EDUCATION, THE TEAM BECAME ENGAGED

Developed a list of all physician practices

Determined RHC eligibility
Documented the stage in the RHC designation process

Team was willing to make the appropriate changes

Clinic visits adjusted to reflect Qualifying Visit (QV) services
Coordination with hospital medical records systems
Billing rules established

We encountered an emergency

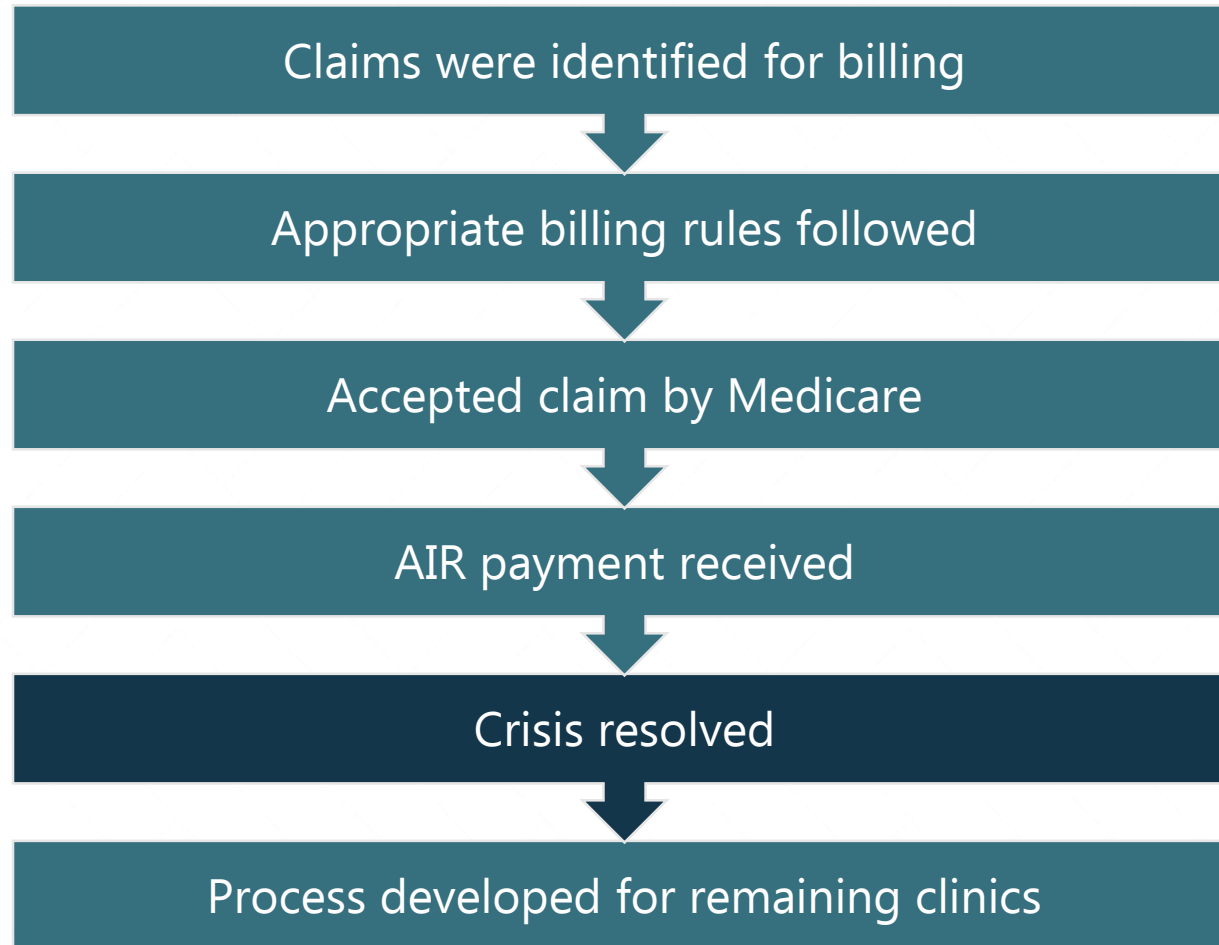

EMERGENCY IDENTIFICATION & RESOLUTION

- › Through the development of the list of facilities, one RHC was identified as receiving designation 10 months prior and HAD NOT yet billed a claim to Medicare
 - › The designation was received prior to the change in the reimbursement rate
 - › If an accepted claim was not received, the designation would be lost
- › Why was this a problem?
 - › Differences in reimbursement rates
 - › Potential for entire enrollment process needing to be completed again
- › **The team quickly jumped into action**

RESOLUTION

WHAT WE LEARNED

Understand

Understand the importance of an engaged team to facilitate the billing transition

Demonstrate

Demonstrate improved understanding of specific billing rules required for a Rural Health Clinic as compared to traditional clinic billing

Identify

Identify the repercussions of failing to use the RHC billing number for almost 12 months and nearly relinquishing it, with potentially devastating reimbursement consequences

Q&A

COMMITTED TO INCREASING THE IMPACT OF RURAL AND COMMUNITY HEALTHCARE.

Our team of rural and community healthcare experts support the leadership of hospitals, health systems with a rural footprint, and the groups and clinics that form an essential care network across the 97% of the US that is defined as rural.
