

FOR EDUCATORS

VAPE-FREE SCHOOLS TOOLKIT

Schools play an important role in fostering a vape-free future for generations to come. The Vape-Free Schools Toolkit contains a collection of resources aimed at reducing youth vaping by providing practical, turn-key solutions for schools.

Key Components Include:

- Education for staff, students, and parents regarding the risks and dangers of tobacco and nicotine use.
- Tobacco-free curriculum, activity sheets, lesson plans, and videos for all grade levels.
- Proactive policy and program models implemented in schools.
- Quit support services for students and staff.

FOR SCHOOL ADMINISTRATORS

VAPE-FREE SCHOOL ADMINISTRATOR TRAINING

The online training guides school districts in creating a tobacco-free environment that helps prevent students from using tobacco and supports students who need help quitting.

By the end of the training, school administrators and staff will be able to:

- Identify tobacco-free regulatory requirements for schools.
- Adopt comprehensive tobacco-free school policies.
- Implement resources to educate students about the dangers of tobacco use.
- Provide alternatives to suspension when a student is found using a tobacco or nicotine product.
- Connect students and staff to quit support services.
